Cyclone in Texas.

Galveston, Tex., Oct. 30.—A north-
west storm of short duration with
heavy rain, passed over this city early

today. The wind attained a velocity
of 72 miles an hour for two minutes.
One woman was killed by being crushed
in a falling house. Also about 20
frame houses were blown down. It is
estimated that twenty people were in-
jured in the western part of the city,
where the wind was severe. Several
business houses were unroofed and
crops of goods slightly damaged by
water. Mallory firm wheat shed was
damaged to the extent of several thou-
sand dollars. The gulf remained nor-
mal. There was no interruption of
traffic.

cents down.

Finland Will Go Dry.

Helsingfors, Finland, Nov. 1.—The
diet today adopted unanimously with-
out roll call a bill prohibiting abso-
lutely the manufacture of alcohol or
its importation into Finland. As the
measure affects Russia's tariff rela-
tions with foreign countries it is not
certain whether the emperor will sanc-
tion the measure. In view of the
passing of the bill temperance cele-
brations are being held in every part
of the country. The diet will be pro-
posed tomorrow when the emperor's
decree will be read with the usual

STRATHCONA NEWS

VOTES OF STRATHCONA ENDORSE ALL BY-LAWS

Large Majorities Favor Granting
Franchise to Strathcona Radial
Tramway Company, the expendi-
ture of \$95,000 and the Ward
System.

At the result of the municipal elec-
tion in Strathcona on Wednesday,
the three by-laws submitted to the
people were strongly endorsed, large
majorities being polled in favor of
each.

There was considerable interest
taken in the street railway franchise,
which the Strathcona Radial Tram-
way Company were seeking, occupy-
ing the most prominent place in the
public attention.

The promoters of the company did
considerable work on election day,
bringing a number of electors from
Edmonton, as well as gathering in the
voters on the Strathcona side.

The votes were as follows:

Street Railway By-law.
For 751
Against 189

Sewer and Waterworks By-law.
For 520
Against 45

Ward System By-law.
For 814
Against 87

As the result of the vote, of the
electors the exclusive franchise goes
to the Strathcona Radial Tramway
Company or their successors for 20
years, on condition that they fulfil the
agreement with reference to construc-
tion work and operation. The pro-
posals which were made by Edmonton
cannot now be considered and will be
fired.

CHANGES IN CITY SCHOOLS.

Mr. Graham, of the Duggan street
school staff, has resigned his position,
the resignation taking effect today.
He is succeeded by Miss Lowe, who
has been transferred from Grandin
street school. The vacancy caused
by the latter's transfer will be filled
by Miss Jessie Porter, late of Edmon-
ton. All these changes go into effect
today.

THANKSGIVING SERVICE.

The Presbyterian Church was
crowded yesterday morning at the
annual union Thanksgiving service.
Upon the platform were the pastor,
Rev. Mr. Flemming, Rev. Dr. Mc-
Donald, Rev. T. S. Johnston and Rev.
J. C. Bowen. The sermon, which was
preached by Rev. Mr. Bowen, was an
exceedingly able effort from the
text, "Say unto Zion, 'The Lord
reigneth'." Excellent music was
furnished by the newly organized
choir under the leadership of Mr.
Arthur Davies.

SPECIAL SERMONS.

Beginning next Sunday evening,
Rev. Mr. Bowen will preach in the
Baptist Church a series of sermons on
the Home Circle. The subject of the
first sermon will be "The Home."
The series are as follows:
1. The Home.
2. To young men.
3. To young women.
4. On mother.

LOCALS.

A basket ball team composed of
girls from Queen's avenue school,
visited Strathcona yesterday morning
and played the Graceland street school
team. The game resulted in a very
decisive victory for the Strathcona
players.

The new railway station at Strath-
cona is being connected with the
main sewerage line on Strathcona
avenue. The trench along West
Railway street is now being dug by
a number of workmen.

A very enjoyable Halloween party
was given on Wednesday night at the
home of Mr. and Mrs. James Elder.
The guests were exclusively Scotch,
and a very pleasant evening was
spent in music and games.

Miss Ritchie entertained a large
number of young people to an original
and amusing Halloween party at her
home last night.

The football match between the
Strathcona Rugby football team and
the Calgary team resulted in a vic-
tory for the latter by a score of 7 to 0.

A large number of the members of
the 100,000 club of Calgary spent the
day in Strathcona yesterday. About
50 of the visitors dined at the Strath-
cona Hotel.

ALD. PICARD IS YET UNDECIDED

Whether or not to Become a Mayor-
 alty Candidate - He Thanks His
 Nominator and Second

Though the mayor of Ald. J. H. Picard has been very favorably mentioned by many ratepayers in connection with the mayoralty the alderman has not yet consented to become a candidate for the position.

Ald. Picard's name was first formally brought before the ratepayers by the open letter of Mayor Griesebach, published in the Bulletin, on Wednesday, soliciting him to enter the field. His candidacy was also strongly endorsed by ex-Ald. Thos. Bellamy, who says that he is "heartily in accordance with the sentiments expressed, and wish to say that it is my opinion that he has fully earned the confidence and esteem of the ratepayers of Edmonton by his long and faithful service in both the town and city council."

Mr. Picard may not be so confident of speech in the English as some others, but to offset that he has extraordinary good judgment, is honest and fearless in expressing his ideas, and is more familiar with the general affairs of the city than any other candidate likely to offer himself.

Ald. Picard himself has refused to give a definite answer as yet and along this line has written letters to the gentlemen who proposed his name.

The letter to Mayor Griesebach is as follows:

"It is with great pleasure that I acknowledge your very courteous request to offer myself as a candidate for the office of mayor of this corporation for the coming year, and in answer thereto I would respectfully state that the same is receiving my serious consideration. Further than this I am not prepared at the moment to make any definite statement, but whether I decide to run or not your very kind re-

commendation will be always appreciated by

"Yours truly,
 J. H. PICARD."

His letter to Mr. Bellamy reads: "Your very kind endorsement of Mayor Griesebach's recommendation that I should offer myself as a candidate for the office of mayor during the coming year has been read by me with great appreciation and though at present I am not prepared to definitely state my intentions in response to this request, I shall always appreciate your kindly remarks on my behalf."

"Yours very truly,
 J. H. PICARD."

Sued For Encyclopedia Britannica.

Red Deer, October 30.—A most interesting law suit was tried here this morning before Mr. Justice Beck over a contract for the purchase of the 10th edition of the Encyclopedia Britannica wherein "The London Times" through the Manitoba Collection Agency was plaintiff and Dr. John Collier was defendant. The fact was transpired that the 10th edition was comprised of the 9th edition and 10 new volumes, and in order for the whole work. The doctor contended that the work was misapplied, and that he never expected to him that the work was anything else than an entirely new edition, and in consequence refused to accept it. The plaintiff sued for the full purchase price, namely, \$125.

After hearing the evidence and examining several copies of the work, the learned judge dismissed the action and gave judgment in favor of the defendant with costs. Messrs. Greene & Payne for the plaintiff, Mr. J. D. Hyndman, of Edmonton, for the defendant.

Cheaters Jailed For Six Months.

Morden, Oct. 28.—After an hour and a quarter's deliberation today the jury in the case of King vs. Cheaters, charged with carrying a loaded revolver in a vehicle of public, in consideration of receipt of circumstances, Judge Philpott gave Cheaters a light sentence of six months in jail.

Over one hundred contestants started from the office of La Presse and the contest was won by Leo Ouellet, Quebec, a farmer, who carried the weight for nearly four hours.

Correspondence**ENDORSES MR. MACDOUGALL.**

Editor, Bulletin.
 Dear Sir:—Everyone who has the welfare of Edmonton at heart must be extremely well pleased to see that John A. MacDougall, Esq., will be a candidate for mayor in 1908, whatever his prompter be. MacDougall is a nothing short of a heaven-sent blessing to Edmonton citizens.

There can be no doubt but that the position of mayor in 1908 will be a serious one in every respect, but I am sure that no better man could be found to fill the position, and sincerely trust that all truly interested in the welfare of the city will do all in their power to place Mr. MacDougall in the civic chair, not by a mere majority, but by such an overwhelming vote as will show Mr. MacDougall that we appreciate his services.

Fortune Left to Unemployed.

Nashville, Tenn., Oct. 28.—The will of Mrs. Mary B. Cross, which was filed for probate today, makes the unusual bequest of all her property to the unemployed of Nashville.

It is to be used by him for the benefit of working men and men out of employment.

deceased Mrs. Cross was over 90 years of age at the time of her death. Her husband was for years toll gate keeper. The old woman had amassed a considerable fortune. Because of the long years spent at the toll gate she saw more trouble and vagrants than most persons, and she developed a deep sympathy for their unfortunate condition.

Winnipeg despatches to Opposition

THE WRECK.
The early closing by-law has foun-

Minneapolis, Minn., Oct. 29.—S. F. Britt, of 1122 Eighth street, was held near his house last night by a man who carried a forty-four Winchester. Mr. Britt rose to the occasion, striking the gun up as soon as pointed at his nose. He then knocked the man down and called for help. The police, on his assistance and begged the man, who gave the name James Thomas. He is supposed to be a hired slaver.

The Alberta ranching is certainly working overtime. There was a little variety today, however, when just as Calgary's good people were settling out the "23" part of their stay, a rain storm blew up. The clouds lifted in a short time, however, and the Italian type of weather was resumed.

Contractor Brockway is rushing construction on the fire hall and from appearance the finishing touches will be made in about two weeks. This structure, when completed, will be one of the most up-to-date buildings of the kind in Alberta.

Olds 10,000 club had little time to prepare a reception for the excursionists if the Calgary 100,000 club-to-day but managed to entertain the visitors just the same. The train was met by a reception committee, large enough to decorate all the callers with badges reading "100,000 welcome from Olds to Calgary."

At the same time the Olds brass band was doing its part punctuating the surrounding scene. The Calgaryians followed the band in procession to the Opera house, where the Olds orchestra was producing harmony. Before this musical treat closed the visitors were all seated and demanded an encore. The rendition of this as equally well received. Then Mayor Craig stepped forward at this juncture and made great applause. Then offered a short address of welcome, covering the progress of Calgary and Olds since he settled here, closing by telling a story about the tannin hen and the ostrich egg. President E. J. Hutchings, of the Calgary 100,000 club, Mr. Wheeler, secretary of the same publicity organization, and Mayor Cameron, of Calgary, gave bright remarks, well maintained.

Continued expression of appreciation of the Bulletin's enterprise in delivering the daily on the day of publication, are being constantly heard. The people of this city appreciate and recognize a good thing.

The Klites are great! Now we know it and not by hearsay. The crowded house was delighted on Monday evening though there was only a small proportion could boast of much Scotch blood in their veins. The Highland dances and the "grass" and pipes took the Scotch heart completely captive as they ever must. The old sweet air caused many tender memories in the breasts of the Scottish bairns.

Miss Marion, Turner, Watson, Moore and Major returned from a few days' visit in Edmonton, where they enjoyed a most enjoyable holiday.

Turkeys are beginning to appear in a little greater abundance but the price for the Thanksgiving trade will be at least, wholesale 20c, retail about 25 or 30c.

The Harvest Home and Thanksgiving services were a splendid success at the Methodist church on Sunday. The church was tastefully decorated with flowers, grain and fruit and vegetables and old and new were very fragrant. The crowd at both services were remarkable but at the evening service it was a record-breaker, many unfortunately being unable to obtain admission.

VEGREVILLE.

Bulletin News Service. The Vegreville branch of the Alberta Farmers' Association met in the council chamber last Saturday and had a spirited and rousing meeting. SPRING NEWS

THE HAMILTON ROAD RACE.

Hamilton, November 1.—For the first time in the history of the Hamilton Herald road race a cup remained in Hamilton. The winner turned up in Tom Coley of Toronto who came within twenty seconds of the record. Fred Simpson, a Chippewa Indian from Peterboro finished second and Harry Lawson of Toronto third. Parsons, a Winnipeg man, was in the twelfth position when half the journey had been completed and he passed all the famous American runners in the race home. When Simpson, a Winnipeg candidate, dropped out about half way and Martin, the third Winnipeg runner did not put in an appearance at all.

Of the twenty-seven men who started fifteen finished in the following order: Tom Coley, 1:04.7; Fred Simpson, 1:22.7; Harry Lawson, 1:32.8; Harry Parsons, 1:37.7; Joe T. Lee, Edward Coffey, Hilton Green, Tom Ellis, John Coffey, Bill Crawford, Geo. Louth, Isaac Perry and Kennedy.

The roads during the first part of the journey were in a very bad state but despite this Coley and Adams, the Hamilton lad, ran the first three miles in fifteen minutes and 10 miles in 54 minutes. The fast pace killed off the crack American runner and Lee who was an even money favorite was never able to catch the leaders.

Coley was 4 to 1 in the betting and the Toronto candidate closed on him. Simpson was 5 to 1 in the betting and Lawson was 2 to 1. The weather was all that could be desired, being bright with a nip of frost in the air and the track with the addition of a couple of spots of water in good condition for fast work. For the first ten miles all records were smashed when Adams, Coffey and Lawson broke away from the bunch. After passing the two mile limit, none of the came up among whom was Simpson who was very fast for the remainder of the race.

Of the events in the realm of foot races, none is more closely watched than the annual Burlington Bay every Thanksgiving Day. It dates back for more than any other long-distance race on the continent, having been instituted in 1896, three years before the famous Boston race was first run.

When the Herald introduced the race distance running was a new game in Canada and not until Sherring's victory at Athens did it become popular. Since then every city and town in Canada has its annual road race, but the Herald race is recognized as the greatest of them all. A look at the number of champions it has developed is convincing. Jack Coffey, twice winner of the Boston Marathon race; Dewey Barrett, winner of the Chicago Marathon race; Tom Longboat, the greatest runner on training to-day, and Will Sherring, whose name is well-known to every Canadian, and the athletic world in general, all received their training in the great event. This is a record to be proud of, and the Herald is striving to make the event more famous from year to year.

It was this year at the Thanksgiving giving Day, starting at nine o'clock in the morning from the Herald office, and around Burlington Bay, a distance of 10 miles, 100 yards, according to the figures of the government engineer who surveyed the course.

The course was from the Herald office to James Street, down James to Barton, down Barton to the Jockey Club, where the runners turned north, following the turnpike to Fifth's hotel, then across the beach to the oval over the final switch, bridge to the Grant House, along the side road to the Plume road, and past Hendrie's farm and the Valley Inn, thence up hill, over the high level bridge, past the country, down York street to Monach, up Meacham to King, down King and finish at the Herald office.

When Will Marshall won the first race, nearly 15 years ago, Hamiltonians could not realize that it was possible for a human being to make such time 2:14. The next year, however, Woods lowered the time four minutes, and it was cut down each year until 1904, when Sammy Mellor of Yorkville, N.Y., established a mark that has not since been equalled, although Tom Longboat gave it a good shaking last year. Mellor's time for the distance was one hour 48 minutes and 42 seconds.

A glimpse at the following record of the race will prove interesting.

1894.	
Marshall,	2:14
Woods,	2:19.12
Hays,	2:30.42
1895.	
Woods,	2:18

EDMONTON'S BOMB BIRD—GEORGIE FRANKLIN. AT THE LYRIC, NEXT WEEK.

relay team composed of Frank Kanals of Boston, Smallwood of Long Island, Davis, the Canadian runner who ran second in the recent Marathon, and A. Cook of Fall River. The new team will be 10 miles and each of the runners will be two and a half miles.

Ottawa's new hockey rink is just about completed. It is in the heart of the city and can be much more easily reached than either of the old ones. It is the Sherbrooke rink at Montreal, which ran the same number of persons, while the ice surface is also the same.

The University of Pennsylvania Rugby team has adopted a novel plan for strengthening their line players by using heavy work. A lay heavy truck is wheeled on the field, the players making a concerted dash against the leather-covered board which represents the opposing line. When three or four heavy men are at the "bucking dummy," as it is called, the conference is often sent sailing yards away. What happens when the machine is replaced by human beings is left to the imagination. Several heavy players usually stand on the movable platform in order to furnish resistance.

Tom Sullivan, baseball scout for major league team managers, is pushing a project in the copper country of northern Michigan and in Wisconsin and Duluth for the organization of a new league, probably of Class C, to replace the old Northern Copper Country league. The N. C. C. was made up of but four teams: Houghton, Calumet, Ishpeming and Wausau, and the long jumps and "black variety" made this venture a losing one for all the teams, excepting Tom Sullivan.

Sullivan is visiting the cities of Houghton, Calumet, Escanaba, Ashland, Wisconsin, and Duluth, Minn., to solicit money. He is being paid for his services, it is understood here, but will also take over a franchise in the new league. The circuit should prove a good one as there would be no long jumps and all the towns are good for baseball.

Harvard is said to have found some marvelous football player in Bogue, a Canadian, who he has befriended. He has done general work and bid fair to break records in putting.
